**Statements for the compliance with Accounting Standards and System**

The Board of General Directors ensures to follow all the requirements of the Vietnamese Accounting Standards and System, which were issued to guide the preparation and presentation of the Financial Statements.

**4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Below are the major accounting policies adopted by the Corporation in the preparation of the interim financial statements:

**Basis of preparation of the financial statements**

The Corporation's consolidated financial statements are prepared in accordance with Circular 202/2014/TT-BTC dated 22/12/2014 of the Ministry of Finance on Guidelines for preparation and presentation of consolidated financial statements, most specifically:

The consolidated financial statements include the consolidated financial statements of the Corporation and the financial statements of companies controlled by the Company (subsidiaries) prepared for the period from 01/10/2025 to 31/12/2025. This control is achieved when the Corporation has the ability to control the financial and operating policies of the investee companies in order to obtain benefits from the activities of these companies.

The business results of subsidiaries acquired or sold during the period are presented in the consolidated income statement from the date of acquisition or until the date of sale of the investment in the Corporation that child.

In case of necessity, the financial statements of subsidiaries are adjusted so that the accounting policies applied at the Corporation and its subsidiaries are the same.

All transactions and balances between companies within the same Company are eliminated when consolidating the consolidated financial statements.

The non-controlling shareholder's interest in the net assets of the consolidated subsidiary is determined as a Consolidated item Consolidated from the equity of the parent company's shareholders. Non-controlling interests include the value of the non-controlling interests at the date of the initial business combination and the non-controlling interest's share of the movements in total equity, from the date of business combination. Losses arising at a subsidiary must be allocated proportionally to the non-controlling shareholder's ownership share, even if that loss is greater than the non-controlling shareholder's share in the subsidiary's net assets.

Assets, liabilities and contingent liabilities of the subsidiary are determined at fair value at the date of acquisition of the subsidiary. Any excess between the purchase price and the total fair value of the assets acquired is recognized as goodwill. Any shortfall between the purchase price and the total fair value of the acquired assets is recorded in the operating results of the accounting period in which the acquisition of the subsidiary occurs.

The accompanying financial statements are the Corporation's ones, therefore, they do not include the financial statements of subsidiaries. Users of the financial statements should read them together with the Corporation's financial statements for the period from 01/10/2025 to 31/12/2025 to obtain full information of the Corporation's financial position as well as the results of operations and cash flows during the year.

**Assumption of continuous operation**

The Board of Management and the Board of General Directors have regularly evaluated and actively implemented crisis response plans to help the Corporation overcome difficult times and continue its development activities. The solutions that have been and are being implemented are as follows:

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)**

For period from 01/10/2025 to 31/12/2025

- The Corporation has implemented measures to cut costs appropriate to the scale of operations
- The Corporation focuses on developing its production and business operations, and the Management Board continuously endeavors to ensure that these plans are implemented effectively.
- The Corporation continues to implement construction contracts, real estate projects and other service activities to offset its recurring operating costs, thereby forming a basis for maintaining stable business operations in the coming period.

The Board of General Directors has carefully evaluated the business plan and cash flow plan, as well as the ability to recover and balance cash resources to pay due debts and financial obligations. The Board of General Directors believes that the Financial statements prepared on a going concern basis are appropriate

**Accounting estimates**

The preparation of the interim financial statements in conformity with Vietnamese Accounting Standards, Vietnamese corporate accounting regime and legal regulations related to the preparation and presentation of interim financial statements requires the Board of General Directors to make estimates and assumptions that affect the reported amounts of liabilities, assets and disclosures of contingent assets and liabilities at the date of the interim financial statements and the reported amounts of revenues and expenses during the fiscal year. Actual results may differ from those estimates and assumptions.

**Cash and cash equivalents**

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

For period from 01/10/2025 to 31/12/2025

**Current corporate income tax expense and deferred corporate income tax expense**

Corporate income tax expenses (or corporate income tax income): is total current and deferred income tax expenses (or total current and deferred tax) in determining profit or loss of a period

- Current income tax expenses: are corporate income tax payable calculated on taxable profit during the year and current corporate income tax rate. Current income tax is calculated on taxable income and applicable tax rate during the tax period. Difference between taxable income and accounting profit is from adjustment of differences between accounting profit and taxable income in accordance with current tax policies.
- Deferred income tax expenses: is corporate income tax payable in the future arising from: recognising deferred income tax payable during the year; reversing deferred tax assets recognised in previous years/periods; not recognising deferred tax assets or deferred tax liabilities arising from transactions that directly recorded to equity.

The Corporation has an obligation to pay corporate income tax at the rate of 20% on taxable profits.

The determination of the Corporation's income tax is based on current tax regulations. However, these regulations change from time to time and the final determination of corporate income tax depends on the examination results of the competent tax authorities.

**Related parties**

A party is considered a related party of the Corporation in case that party is able to control the Corporation or to cause material effects on the financial decisions as well as the operations of the Corporation. A party is also considered a related party of the Corporation in case that party is under the same control or is subject to the same material effects.

When considering the relationship of related parties, the nature of relationship is focused more than its legal form.

**Segment Reporting**

Segment is a distinguishable component of the Corporation that is engaged in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), and is subject to risks and returns that are different from those of other segments. Management believes that the Corporation operates in the following business segments: construction and installation, service activities, and other activities, and operates in a single geographical segment, which is Vietnam. Accordingly, segment information is presented by business segment.

## EXPLANATION OF FINANCIAL INDICATORS

Based on the Statement of Profit or Loss for the accounting period from October 1, 2025 to December 31, 2025, Vietnam Electricity Construction Joint Stock Company hereby provides explanations for the following matters:

**1. Profit after corporate income tax as presented in the Consolidated Financial Statements for the fourth quarter of 2025 amounted to VND 190,704 million, representing an increase of VND 349,977 million compared with the same period in 2024 (loss of VND 159,273 million), mainly due to the following reasons:**

No.	Items	Q4/2025	Q4/2024	Unit: million VND	
				+/-	%
(1)	(2)	(3)	(4)	(5)=(3)-(4)	(6)=(5)/(4)
1	Net revenue from sales and rendering of services	280.003	225.305	54.697	24,3
2	Gross profit from sales and rendering of services	44.918	(67.144)	112.062	(166,9)
3	Net profit from financial activities	125.871	(36.385)	162.257	(368,1)
4	<b>Profit after tax</b>	<b>190.704</b>	<b>(159.273)</b>	<b>349.977</b>	<b>(445,9)</b>

In Q4/2025, net revenue from sales and rendering of services reached VND 280,003 million, an increase of VND 54,697 million, equivalent to a rise of 24.3% compared with the same period in 2024. Gross profit from sales and rendering of services amounted to VND 44,918 million, while the same period in 2024 recorded a gross loss of VND 67,144 million, representing an improvement of VND 112,062 million.

In addition, net profit from financial activities reached VND 125,871 million, increasing by VND 162,257 million year-on-year, mainly due to the implementation of the Corporation's policy on restructuring its investments in subsidiaries and associates in accordance with Resolution No. 29 NQ/VNECO-HĐQT, under which the Corporation divested its capital in several entities during 2025 and recognized gains from these divestments.

*==> As a result, the significant increases in gross profit and profit from financial activities in the fourth quarter of 2025 offset the expenses incurred during the period, thereby resulting in profit after corporate income tax for the fourth quarter of 2025 of VND 190,704 million, an increase of VND 349,977 million compared with the same period in 2024.*

**2. Profit after corporate income tax as presented in the 2025 Financial Statements amounted to VND 42,206 million, representing an increase of VND 308,007 million compared with 2024 (which recorded a loss of VND 265,801 million), equivalent to a growth of 115.9%, mainly due to the following reasons:**

No.	Items	Year 2025	Year 2024	Unit: million VND	
				+/-	%
(1)	(2)	(3)	(4)	(5)=(3)-(4)	(6)=(5)/(4)
1	Gross profit from sales and rendering of services	48.054	(4.828)	52.882	(1095,4)
2	Net profit from financial activities	(4.018)	(168.809)	164.791	(97,6)
3	<b>Profit after tax</b>	<b>42.206</b>	<b>(265.801)</b>	<b>308.007</b>	<b>(115,9)</b>

In 2025, gross profit from sales and rendering of services amounted to VND 48,054 million, while 2024 recorded a gross loss of VND 4,828 million, representing an increase of VND 52,882 million. This result was achieved in the context that the Corporation gradually restored its production and business activities, focused on reviewing and reorganizing resources, prioritized the implementation of projects and works with higher efficiency potential, and accelerated the acceptance and revenue recognition for projects that met the required conditions.

In addition, net profit from financial activities amounted to a loss of VND 4,018 million, an improvement of VND 164,791 million compared with 2024 (loss of VND 168,809 million), mainly due to the implementation of the Corporation's policy on restructuring its investments in subsidiaries and associates in accordance with Resolution No. 29 NQ/VNECO-HĐQT dated December 29, 2025, under which the Corporation divested its capital in several entities during 2025 and recognized gains from these divestments.

==> As a result, the improvement in gross profit and financial performance in 2025 contributed to offsetting the expenses incurred during the period, thereby resulting in profit after corporate income tax for 2025 of VND 42,206 million, an increase of VND 308,007 million compared with 2024, equivalent to a growth of 115.9%.
